JOINT SESSION WITH INDUSTRY (July 2-4, 2019)

In partnership with

WIPO IOPHL EIE Project

INTELLECTUAL PROPERTY
OFFICE OF THE PHILIPPINES

Workshop output:

- Creation of an innovation hub – area for centralized system of support – incubators, IP support, start-ups, co-working spaces, design and business support
- **Government support for regional and global strategy**
- Streamlining of processes to help industry easily develop technologies with academe and be assisted by IOPHL for IP protection on the go
- **Tax exemption and other initiatives for innovation**
- Increase funding by government for innovation in key priority areas such as farming, ICT, food research, etc.
- **Continuous creation of industry-academe collaboration**
- Creation of IP Portfolio ready for offer to industry sectors
- **Educate politicians on IP**
- Reduction of red-tape in government
- **Improvement of online facilities for ease of transaction**

Mind2Market

THREE partnerships with signed Memorandum of Agreement

Philippine Rice
Research Institute
(PhilRice)
April 26, 2019

Bureau of Small and
Medium Enterprise
Development
(DTI-BSMED)
July 16, 2019

Board of Investments
(BOI)
July 23, 2019

OBJECTIVES:

- 1) To shepherd researchers, scientists, inventors, academic and research institutions, technology adaptors, including relevant industries specifically MSMEs, among others, across the full spectrum of the IP value chain: from creation, to protection, to commercialization; and
- 1) To synergize all services and initiatives of government agencies for a more cohesive delivery of services which will be coordinated among the agencies that will form part of the Mind2Market Initiative.

The overriding goal of Mind2Market is to handhold—not simply to advise or to refer—a client from start to finish of business.

Mind2Market

CHED

initiatives

MOA SIGNING WITH CHED

INTELLECTUAL PROPERTY
OFFICE OF THE PHILIPPINES

Memorandum of Understanding (MoU) between **IPOPHL** & **CHED**

September 20, 2019

to institutionalize intellectual property (IP) learning into the country's colleges and universities, a move seen to accelerate the commercialization success of innovations and inventions developed in the campuses.

IPOPHL and CHED aim to open their first IP elective course and integrate IP modules into relevant courses starting the school year 2020-2021.
