

## **Working Group on the Development of the Lisbon System**

### **Third Session Geneva, November 2 and 3, 2020**

#### **ORGANIZATIONAL ARRANGEMENTS**

*prepared by the Secretariat*

#### **INTRODUCTION**

1. The third session of the Working Group on the Development of the Lisbon System (hereinafter referred to as “the Working Group”) will take place on November 2 and 3, 2020, in hybrid format, at the WIPO Conference Hall (hereinafter referred to as “the WCH”).
2. COVID-19 related guidance and restrictions define the organizational arrangements of the session, as set out below. These arrangements are subject to change, depending on the evolution of the pandemic and the resulting change in guidance or restrictions.
3. The Working Group will meet each day of the session from 12 noon to 2.30 p.m., Geneva time (GMT +1). Taking into account the progress of the discussions and preferences expressed by the delegations at the session, the Chair may propose changes to the time and length of those meetings, as appropriate.
4. For the convenience of remote participants, the Secretariat has prepared a proposed timetable\*. If the Working Group does not conclude discussions on an item by the end of the day, discussions on that item would continue at the start of the next day, unless otherwise proposed by the Chair.
5. Documents of the session are available at the following address:  
[https://www.wipo.int/meetings/en/details.jsp?meeting\\_id=55407](https://www.wipo.int/meetings/en/details.jsp?meeting_id=55407).

---

\* See document LI/WG/DEV-SYS/3/INF/2 Prov.

6. For questions concerning the session, please, email the Secretariat at [lisbon.system@wipo.int](mailto:lisbon.system@wipo.int) and copy [anouck.jezequel@wipo.int](mailto:anouck.jezequel@wipo.int).

## ATTENDANCE OF DELEGATES

### ON-SITE DELEGATES

7. In accordance with guidance issued by the United Nations Security Management Team, a two-meter social distancing requirement applies to all UN meetings. This considerably reduces the maximum occupancy of WIPO meeting rooms. As a result, only two delegates per Contracting Party and Observer State may participate on-site.

8. It is recommended that the on-site composition of the delegations remains the same throughout the session.

9. The WCH will be cleaned every evening. Delegates must not leave personal belongings in the WCH at the end of each day.

10. Each on-site delegate will receive a personalized badge to access WIPO premises. Delegates may collect their badges at the registration desk in the WIPO Access Center at 34 Chemin des Colombettes (north side of the WIPO AB Building; tel: +41 22 338 7942).

11. On-site delegates must report any lost badge to the WIPO reception desk immediately.

12. Geneva-based Permanent Mission delegates who already have a valid UN photo badge may use that photo badge to access WIPO premises.

13. Following recommendations by the UN medical directors network, delegates and WIPO staff present in the WIPO campus must wear masks at all times, except when seated at the New Building cafeteria. They must also follow all other health and safety guidelines. Masks will be available.

14. The New Building cafeteria will be open to on-site delegates from 2 p.m. to 3 p.m., with some distancing and capacity restrictions. Coffee and vending machines are available on the 13<sup>th</sup> floor of the WIPO AB Building.

15. The WCH document distribution counter is closed and there will be no distribution of documents. Delegations that wish to share written proposals with the Working Group must send them to the Secretariat at [lisbon.system@wipo.int](mailto:lisbon.system@wipo.int) and copy [anouck.jezequel@wipo.int](mailto:anouck.jezequel@wipo.int).

16. Meeting rooms for regional group and coordination meetings may be reserved, subject to availability and upon advance request. Delegations may send room booking requests in advance to [meetings@wipo.int](mailto:meetings@wipo.int). The meeting room booking confirmation will indicate the maximum capacity of the room. The two-meter social distancing and mask requirements also apply to group coordination and other meetings conducted on WIPO premises.

17. WIPO has reinforced its Medical Unit, which is available to assist on-site delegates. On-site delegates will also find that all health and safety measures are in place. The health and safety of delegates is a priority.

## REMOTE DELEGATES

18. Interprefy is the online multilingual platform for remote participation in WIPO meetings. Interpretation will be available in all six UN languages on Interprefy. An Interprefy [user-guide](#) for WIPO delegates, together with additional information, is available on the [WIPO Virtual and Hybrid Meetings](#) webpage.

19. Prior to the session, delegates who have registered for remote participation will receive additional guidance and an invitation to a pre-meeting mini-coaching and connectivity test session with an Interprefy technical assistant.

20. Remote delegates who experience any technical issues during the session must contact the technical support team via the moderator-chat session on the Interprefy platform. An Interprefy help line telephone number will also be provided to remote participants.

## WEBCASTING

21. Delegates who do not plan to take the floor may follow the live [webcasting](#) of the session. This is the simplest way to follow the proceedings because it is easy to access and does not require a pre-meeting authentication, training or connectivity testing process. Webcasting is available in all six UN languages. The official List of Participants of the session will only include the names of registered delegates who attended the meeting either on-site or remotely via the Interprefy platform.

## CONDUCT OF THE MEETING

### REQUESTS FOR THE FLOOR

22. The Chair will announce how she or he will manage proceedings and the order in which she or he will invite the different categories of speakers to request the floor. The speaking order will follow the usual practice, that is:

- (a) Contracting Party delegations
- (b) Observer State delegations
- (c) Observer organization delegations

23. Only those delegates who have registered for remote participation should connect to the virtual platform. Those delegates who have registered for on-site participation and are present at the WCH must use the microphone system to request and take the floor. These delegates should not connect to the virtual platform or do so as passive participants.

24. Remote delegates participating via Interprefy must click the raise-hand icon in Interprefy to request the floor, as shown in the Interprefy [user-guide](#) for delegates.

## INTERVENTIONS ON AGENDA ITEMS

25. After the introduction of each agenda item by the Secretariat, the Chair will open the floor for the delegations to make their interventions. The Secretariat will support the Chair in managing requests for the floor. Delegations will be invited to speak in the order indicated above and, as far as practicable, in the order in which on-site and remote requests are received.
26. Delegations participating both on-site and remotely should coordinate to avoid making parallel on-site and remote requests for the floor.

## RAISING A POINT OF ORDER

27. Remote delegates must raise a “point of order” by writing a message in the “event-chat”, as indicated in the Interprefy [user-guide](#) for delegates. The raised-hand function alone would not allow the Chair to distinguish a “point of order” from a floor request.

## USE OF THE CHAT FUNCTIONS

28. Remote delegates connected via the Interprefy system are able to access the chat functions. However, as the Working Group session is a formal WIPO meeting, delegates cannot use the Interprefy event-chat in place of an oral intervention or for general comments or questions.
29. Only remote delegates who wish to raise a point of order may use the event-chat (chat visible to all participants). The Secretariat, the microphone operators or the interpreters may also use the event-chat to communicate with all remote participants. Messages in the event-chat will generally be in English.
30. Remote delegates may use the private-chat function to send private messages to any other participant in the Interprefy participant list, to the Secretariat or to the technical support team (*via* the “moderator-chat”). Private-chat messages are neither visible to other participants nor saved by the system. Remote participants should not use the private-chat function to send messages to the Chair, who will be occupied managing the proceedings and unable to monitor the chat box.
